MASTER
CONTRACTOR

MARCH 2014

Art Dias
Eagle Rivet Roof Service Corp.
15 Britton Drive
Bloomfield, CT 06002

Dear Art:

The annual Firestone Building Products Master Contractor Program recognizes leading Firestone Building Products Red Shield™ Licensed Roofing Contractors who excel in the areas of roofing system installation, quality of work performed and customer service. Due to a series of impressive projects completed in 2013, and for its dedication to commercial roofing excellence, Firestone Building Products has presented Eagle Rivet Roof Service Corp. with the 2014 Master Contractor and Inner Circle of Quality Award – two of the commercial building industry's most distinguished honors.

This is the ninth time Eagle Rivet Roof Service Corp. has earned the Firestone Building Products Master Contractor Award. The firm hit this mark on the basis of total square footage installed, quality points accumulated for outstanding inspection ratings on materials covered by the Red Shield™ Warranty and the number of completed Red Shield warranted jobs.

Eagle Rivet Roof Service Corp. earned the esteemed Firestone Building Products Inner Circle of Quality Award for the seventh time. The Inner Circle of Quality Award recognizes an elite group of Master Contractors who installed a minimum of four warranted Firestone Building Products roofing systems in each of the past five years, maintained at least two million square feet of Firestone Building Products roofs under warranty and achieved an annual Quality Incidence Rating (QIR) of 2.0 or less.

On behalf of Firestone Building Products, I congratulate Eagle Rivet Roof Service Corp. on a successful 2013. The firm demonstrated a commitment to excellence and upheld the high commercial roofing standards of Firestone Building Products. We are pleased to recognize Eagle Rivet Roof Service Corp. as a Master Contractor and Inner Circle of Quality Award winner, and are eager to maintain our promising partnership as we continue to provide superior building performance solutions in 2014 and beyond.

Sincerely,

Tim Dunn
President, Firestone Building Products
